- Provided quality service to customers and responded to questions, concerns and complaints
- Scanned and audited daily deliveries to ensure accuracy
- Completed all relevant paperwork to include daily and week ending paperwork
- Maintained effective inventory control of highly regulated items
- Supervised, trained and developed staff members in accordance with company policies and procedures

## RECENT WORK

### JavaScript / jQuery / REST API / Pair Programming

Please Don't Panic

A group project using the NASA API, Please Don't Panic allows users to find out if there are any asteroids passing by Earth on the current day

### React / Firebase / REST API / Team Programming

I ♥ Concert

I ♥ Concert enables users to search artists and upcoming concerts. Users can also navigate and purchase concert tickets online. By utilizing Firebase and google authentication, users can login with their google account and save their concert memories

### Sass / PSD Conversion / jQuery / HTML / Responsive

Lisbon

A pixel perfect, fully responsive, single page website translated from a PSD design. Utilized Adobe Assets and Photoshop to extract and reuse CSS information
